

We met with Dr. Goodman face to face for 45 minutes in his conference room on may 7th 2007 @ 11am

we discussed with Dr. Goodman Martin lewis's dilemma that Dr. Russe &

Dr. Goodman put him in while he was a student. Dr. Goodman was

cautious in responding to us... Until We discussed how susan crifase

was granted immunity with all her failures to pass and graduate...

Dr. Goodman at that point was startled when faced with having to

answer about susan crifase and we told him that everyone in the room

had seen the documents of how you allowed her to cheat her way through graduate and is now a practicing doctor.

After further discussion, it was evident Dr. Goodman would not remedy

martin's plight and how he wouldn't want his own grandchildren to go

through what he put martin through – i told him these words

"reputation is who people think you are, character is who you really

are... we're going after your character sir" and we left the meeting

with goodman at the table. and as we were leaving we told him "Larry

we'll see you next week". (Meaning the protest marches will continue)

* Note:

Unbeknownst to us at this meeting, Dr. Goodman had changed

the website and made Martin Lewis and seven others a "OVERNIGHT" MD's

(Medical Doctor) ***dated for May 2, 2007... Had we known this we would have

confronted him with this revelation. Dr. Goodman MUST make Martin Lewis a "REAL DOCTOR" and let him finish out his education and make him WHOLE by paying him the 22 million owed him.
